Conference Organisation

Valerie Mizrahi, co-director of the CBTBR, co-organised the Keystone Symposium on Pathogenesis and Control of Emerging Infections and Drug-Resistant Organisms, which was held in Bangkok, Thailand, on October 22-27, 2008. She chaired the session on “TB and XDR” and presented a plenary lecture entitled, “Environment-dependent mutators in *Mycobacterium tuberculosis* and their role in the evolution of drug resistance”

PUBLIC AWARENESS

CBTBR Team members, Bavesh Kana and Digby Warner, wrote an article entitled, “Drug-Resistant TB in South Africa,” which was published in *Quest: Science for South Africa* 2008; 4:32-36
