

AWARDS

Wits node PhD student Betty Mowa, and her supervisor, Valerie Mizrahi, were re-awarded a Mellon Postgraduate Mentoring Fellowship from the University of the Witwatersrand. Betty returned from the USA in February 2007 after completing a six-month, pre-doctoral training fellowship in the lab of Gilla Kaplan at the Public Health Research Institute in New Jersey, which was funded by the Columbia University-southern African Fogarty HIV/ AIDS International Training and Research Program (CU-SA Fogarty AITRP).
